

A decorative graphic on the left side of the slide consisting of white lines and circles on a blue gradient background, resembling a circuit board or a stylized tree structure.

# GENERAL OVERVIEW

WHAT CAN JMJ MEDICAL DO FOR YOU?

# SERVICES OFFERED

- EMR management for billing optimization and quality patient care
- Panel EMR data cleanup
- EMR customization

# EMR MANAGEMENT; A FULLY INTEGRATED APPROACH

- Identification: We identify high incentive billing items and clinical care gaps that slip by unnoticed!
- Recall: Complying to physician and provincial standards, we recall the patients on your behalf to follow through with these items
- Billing: After generating fresh billings, we also submit the claims for you to ensure compensation

# EMR MANAGEMENT BENEFITS

- Minimum disruption to workflow
- Zero workload addition
- Maximize revenue for your practice
- Minimize clinical care-gaps to keep your patients healthy

# PANEL EMR DATA CLEANUP

- Inactive patients labelled as active
- Diagnosed patients not coded with ICD-9
- Improve disease prevalence among patient population

# PANEL CLEANUP BENEFITS

- Improve day-to-day EMR and clinical workflow real-time
- Quality identification of high incentive billing items and clinical care gaps that are actionable
- Allow effortless multi-disciplinary team based care

# EMR CUSTOMIZATION

- The most powerful aspect of an EMR system is its flexibility and customizability
- Want a specific feature / customization on your EMR that your provider refuses to install for you? Call us instead!
